

# EWA Web-Seminar on Water Reuse

**Date and time** 16.09.2020 at 16:00 CET  
**Registration fee** 79 €  
**Registration Link**

## Content

The participants of the webinar will be guided through the new EU water reuse regulation. They will also get an overview of already available and practically verified technologies for production of reclaimed water. The participants will learn about the experiences from large water reuse systems operated traditionally in countries of southern Europe. The participants will also get the opportunity to discuss problems connected with water reuse like public perception of reclaimed water and to share views on prospects of water reuse as an important part of the whole water sector.

## Speakers

- Prof. Dr. Jiri Wanner, University of Chemistry and Technology Prague, CZ: 'New EU regulation on Water Reuse' (and moderation)
- Prof. Dr. Jens Haberkamp, Münster University of Applied Sciences, DE: 'An Overview of Technologies for Water Reuse'
- Prof. José Matos, IST-University of Lisbon, PT: 'Water Reuse at a City scale -The case of Lisbon City, Portugal'
- Eileen O'Neill, Ph.D., BCES, Water Principles LLC, US: 'The Role of Public and Community Engagement in US Water Reuse Programs: Lessons Learned and Future Studies' (tbc)
- Dr. Josef Lahnsteiner, Ph.D., University of Vienna and Chair of IWA WG on Reuse, AT: 'The Status of Water Reuse from an International Perspective'
